

Imagine the Possibilities: OneWireless Applications

Honeywell OneWireless provides one universal, simple, and efficient wireless infrastructure supporting multiple wireless-enabled applications to solve specific problems.

	Wireless Application	HPI	Chem	O&G	P3	MMM	Pharma	Power
Process Monitoring	Analytical Shelter Monitoring	X	X					
	Bag House Monitoring					X		
	Chemical Process Temp. Monitoring		X					
	Clean Room Monitoring						X	
	Coal Dryer Temperature Monitoring					X		
	Coal Hopper Level Monitoring					X		X
	Cooling Water Temperature Monitoring	X	X			X		
	Crane Monitoring					X		
	Crude Oil Flow Monitoring			X				
	Crude Separator Pressure Monitoring	X						
	Environmental Surveys	X	X	X	X	X	X	X
	Flare Stack Monitoring	X						
	Fly Ash Level Monitoring							X
	Gas Plant Monitoring			X				
	Inventory Management	X	X	X	X	X	X	X
	LDAR Monitoring	X	X	X				X
	Off-Shore Gas Monitoring			X				
	Oil Production Monitoring			X				
	Oil Well Monitoring			X				
	On-Shore Wellhead Monitoring			X				
	Pipeline Pressure Monitoring			X				
	Plant Cooling Water Monitoring	X	X					
	Pressure Gauge Monitoring	X	X	X	X	X	X	X
	Pressure Valve Monitoring (LDAR)	X	X					
	Relief Valve Monitoring (LDAR)	X	X	X	X	X	X	X
	Remote Pond Temperature Monitoring	X	X					
	Remote Trailer Temperature Monitoring	X	X					
	Remote Vessel Pressure Monitoring	X	X	X				
	Rotary Kiln Drying Temp Monitoring		X				X	X
	Rotating Oxygen Furnace Gas Pressure		X					
Rupture Disk Monitoring (LDAR)	X	X	X	X	X	X	X	
Safety Showers Monitoring	X	X					X	
Steam Trap Leak Monitoring	X	X		X				
Tank Level Monitoring	X	X	X	X	X	X	X	
Ultrasonic Flow Measurement							X	
	Process Control - PID	X	X	X	X	X	X	X
	Supervisory Control	X	X	X	X	X	X	X
Asset Mgt.	Bearing Temp Monitoring	X	X	X	X	X	X	X
	Pump Pressure Monitoring	X	X	X	X	X	X	X
	Vibration Monitoring	X	X	X	X	X	X	X
	Corrosion Monitoring	X	X	X	X			X
Safety & Mobility	Location Monitoring	X	X	X	X	X	X	X
