

Honeywell Process Solution's Automation College has become an Authorized Provider of Continuing Education Units by the International Association for Continuing Education and Training (IACET). All Automation College Experion PKS and Uniformance/PHD Implementation courses are eligible to receive the IACET Continuing Education Unit (CEU).

Many organizations offer some form of continuing education credit, but only the IACET CEU is held to the strict, research-based IACET Criteria and Guidelines for Continuing Education and Training. Only IACET Authorized Providers, who undergo a strict application and site-review process, can award the IACET CEU. IACET Authorized Providers are required to re-apply and be reauthorized every five (5) years. The Continuing Education Unit (CEU) was created by IACET as a measurement of continuing education. One (1) IACET CEU is equal to ten (10) contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction. Under IACET's care, the IACET CEU has evolved from a quantitative measure to a hallmark of quality training and instruction. For more information on IACET, visit www.iacet.org.

For enrolling in one of our courses, interested in scheduling some on-site training, or if you have any other training questions, please call the Automation College at 1-800-852-3211 or 1-602-313-5669.
